**Those with a nose
for quality, discover
Zwiesel Glas.**

**Since 1872, Zwiesel Kristallglas has been at the forefront
of crystal glass innovation.**

Independently recognised as the global leader for supplying crystal glass into the World's leading hotels and restaurants; winning design awards every year. Our glassware is crafted with passion to add pleasure and style to the joy of wine.

Above is a glass from our stunning WINE SHINE range.

On the left, a FUSION burgundy glass, with an ultra-fine machine-blown bowl for strength & consistency, plus handcrafted stem & foot for extra refinement. Creating a fine wine glass at an affordable price.

To explore our full ranges of Zwiesel Glas, Schott Zwiesel & Fortessa tableware, visit www.united-tables.com

On a mission to **zero-emissions**

ZE30 and the Encirc 360 service are two initiatives which aim to drive down carbon emissions today and remove them completely in the future. ZE30 is our route to achieving zero emissions by 2030, while the 360 service supports this mission today, through the combination of a pioneering service offering and unparalleled efficiency.

About ZE30:

ZE30 is a ground-breaking, ultra-low carbon hybrid glass furnace. Based at our plant at Elton, Cheshire, this will be a world-first, powered by zero-carbon electricity and low-carbon hydrogen. Set to begin production in 2027 and produce 200 million net-zero glass bottles annually by 2030.

About Encirc 360:

Our 360 service enables customers to take advantage of cutting-edge glass manufacturing and fill, store and ship bottled beverages, all from one place, via our state-of-the-art facilities at Elton, and 'The Park' in Bristol. It's a highly efficient delivery model that yields real and significant reductions in CO₂.

Visit our site and follow us on social media to find out more.
